## "THE NONPAREIL"

### CORRUGATED GUMMED STUB FILE.

Patented Oct. 27, 1876. Dec. 5, 1876. Nov. 29, 1881.

All difficulty in filing due to curled stubs, so common in other makes of files, is absolutely overcome by our Patented Process of Corrugation which prevents the stubs from curling, insures their remaining flat at all times and permits of ready access to each individual stub. The advantage of this feature will be appreciated by any one who may have attempted to use a file where the stubs were so curled as to make it almost impossible to separate one from the other.

#### DIRECTIONS FOR FILING.

Moisten the Gummed Stub, but put a strip of oiled paper underneath, to prevent the previous filing from soaking; put your document in accurate position, then withdraw the oiled paper and proceed filing, and when finished, close the covers in order to give the last attachment time to dry under a slight pressure.

Stock Sizes, in 250 and 500 Stubs (gummed): 6x9, 7x11, 8½x9, 9x11, 10x12, 9x13, 9x15, 11x15, 12½x17½. Other sizes made to order at short notice. Ungummed Files made to order only.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

House and Barn No. 1 being situate East side of Grant Road about  
four miles from Mountain View Santa Clara Co., Ca  
House and Barn No. 2 being situate same

- What is your title to said land? Deed
- What incumbrance? 34100 By whom held? E. D. Morton
- How much land do you own on which the property to be insured is situated, and what is its value?  
80 acres, worth 25000 with improvements.
- What other fire insurance? none
- Are the premises occupied by owner? yes
- Do all the stove-pipes go direct into good brick chimneys? yes
- If the stove pipes pass through wooden partitions or floor, how are they secured?
- How near to wood?
- Will you keep fire apparatus, stove pipes and chimneys in good order, and take proper care of ashes and embers? yes
- Will you keep matches in a safe place? yes
- Do you allow smoking in barns? no
- Is fire used in buildings except dwelling? no
- Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes
- Plastered, papered or cloth lined? plastered

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and  
true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the in-  
surance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration  
of 2300 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
be kept within the building.

IN WITNESS WHEREOF, The signature of the undersigned is affixed, this 2<sup>nd</sup> day of June 1909

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

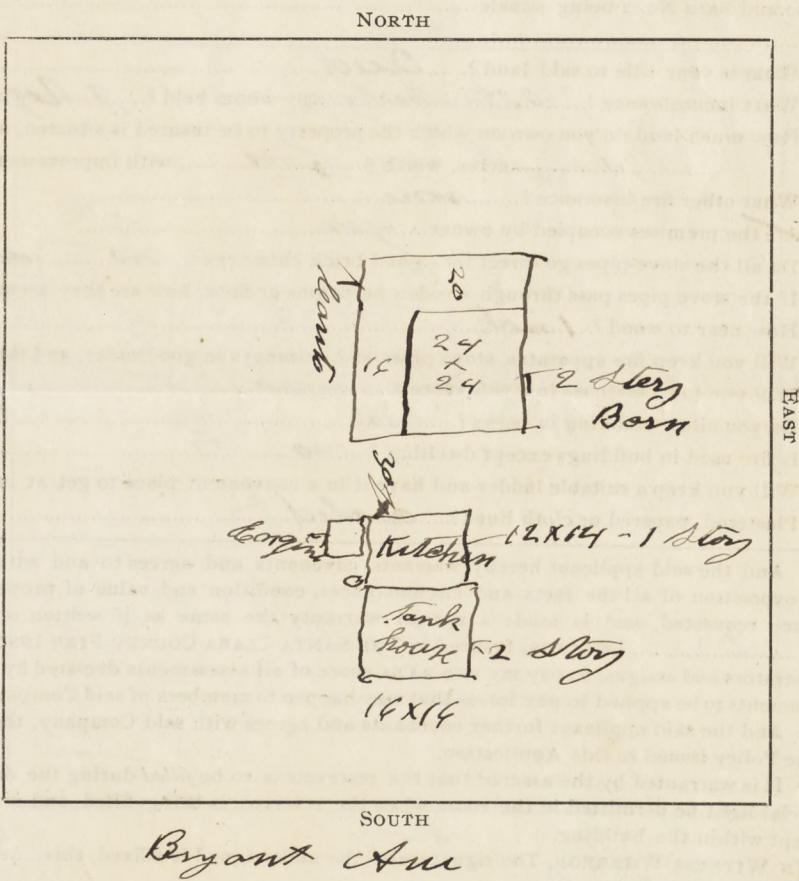

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed, June 9, 1909.

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

Post Office,

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

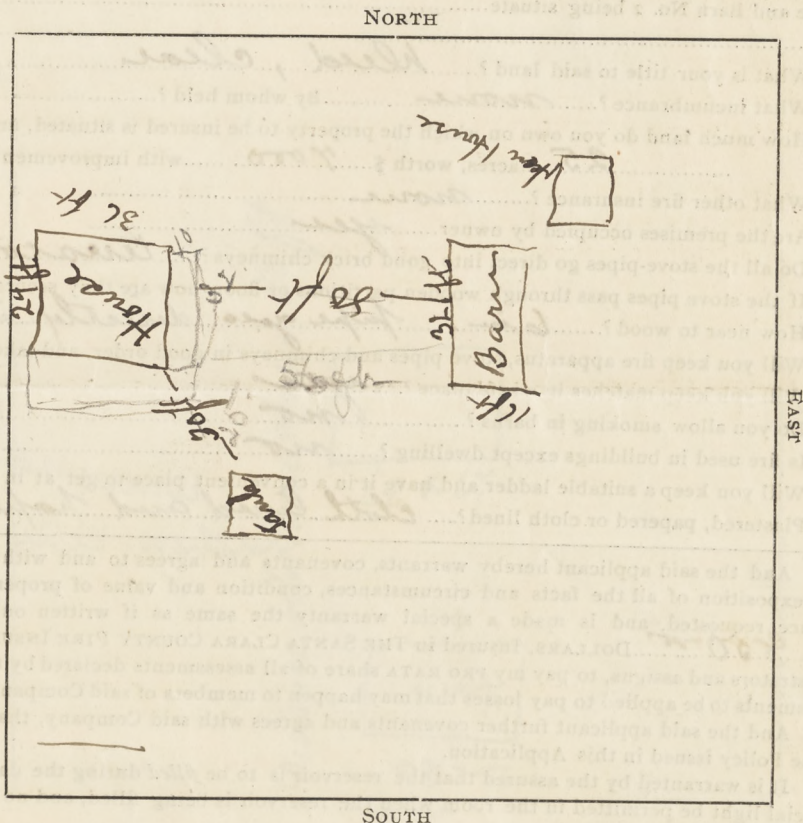

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed - June 10, 1909

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

 of 2950 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
 ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
 assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
 of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
 artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
 be kept within the building.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

## DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outwinding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

## DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept..

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

Press of Brower Printing Co., San Jose, Cal.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

mailed June 29, 1907.

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling; or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

RECEIVED C. JONES  
AT LAW  
SANTA CLARA COUNTY  
SAN JOSE, CALIFORNIA

November 15, 1915

Wm. A. Taylor, Secy.  
The Santa Clara County Fire Insurance Co.,  
Porter Bldg.,  
San Jose, Cal.

Dear Madam:

Enclosed I am sending you policy No. 1040 insuring Samuel Gardner and Sarah F. Gardner with a mortgage clause in favor of Maria Schofield. The mortgage in connection with this policy has been assigned by Mrs. Schofield to me. I therefore, write to request that you kindly have endorsed on the policy a provision that loss shall be payable to "Herbert C. Jones, Trustee" and that the policy be then returned to me.

Yours truly,

OF 2500 DOLLARS, insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, administrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall be kept within the building.

IN WITNESS WHEREOF, The signature of the undersigned is affixed, this 2nd day of July 1907

Policy Fee, \$ 2.50  
Mill " \$ .50  
Total, \$ 3.00

S. F. Gardner APPLICANT.

Paid by Mr. Blanch.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed July 8, 1904

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

House and Barn No. 1 being situated on Caldwell Lane, Evergreen, Santa  
Clara County, Cal.  
House and Barn No. 2 being situate.....

1. What is your title to said land? Deed
2. What incumbrance? \$800 By whom held? P. Mungill
3. How much land do you own on which the property to be insured is situated, and what is its value? 36 - 4500  
36 acres, worth \$ 5000 with improvements.
4. What other fire insurance? none
5. Are the premises occupied by owner? Yes
6. Do all the stove-pipes go direct into good brick chimneys? Terra-cotta flue No roof.
7. If the stove pipes pass through wooden partitions or floor, how are they secured? collar
8. How near to wood? about 2 inches.
9. Will you keep fire apparatus, stove pipes and chimneys in good order, and take proper care of ashes and embers? yes
10. Will you keep matches in a safe place? yes
11. Do you allow smoking in barns? no
12. Is fire used in buildings except dwelling? no
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes
14. Plastered, papered or cloth lined? One room papered on boards, others just board partitions.

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and  
true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the in-  
surance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration  
of 345 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
be kept within the building.

IN WITNESS WHEREOF, The signature of the undersigned is affixed, this 13th day of July 1909.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

*Mailed July 17, 1909*

### NOTICE TO AGENTS.

S. C. C. Fire Insurance Co  
San Jose Cal.

Dear Madam  
Enclosed please find application of Nat Vladovich for insurance on his house + furniture  
There is one stove in the house the pipe of which goes directly through the roof. A brick chimney will be built within the next two or three weeks and I understand that the policy can be changed when that is done. The house is lined with cloth nailed firmly to board walls + ceiling. This will be papered soon and this change can also be made.

The applicant does not write in english so I have signed his name and he has added his mark.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.  
Respectfully  
Thos Lydiaro.  
Policy fee, \$ 2.50  
Mill fee, \$ ...  
Total, \$ 2.50  
Paid by check. July 15, 1909

Secretary.

Press of Brower Printing Co., San Jose, Cal.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

mailed-July 24, 1909.

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

*Hamilton Avenue*

*Mailed July 25, 1909.*

*Johnson Avenue*

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

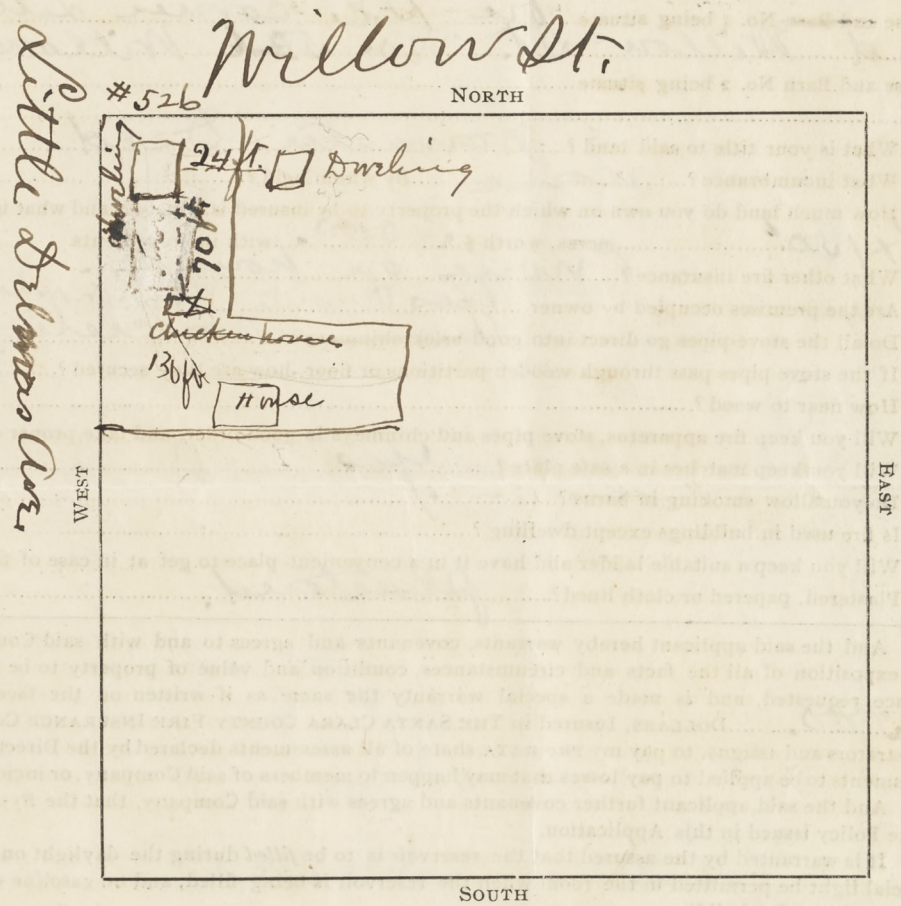

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Called for.

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and  
true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the in-  
surance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration  
of 700 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
be kept within the building.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed - July 31, 1900

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

# APPLICATION

OF

*John H. Ashmun,*  
*Chapman,* Post Office,  
Santa Clara County, Cal.

Amount Insured, = = \$ *941*

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

*Mailed - July 31, 1909.*

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed - July 31, 1904.

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more storepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

*Mailed - Aug. 7, 1909,*

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed - Aug. 7, 1909.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

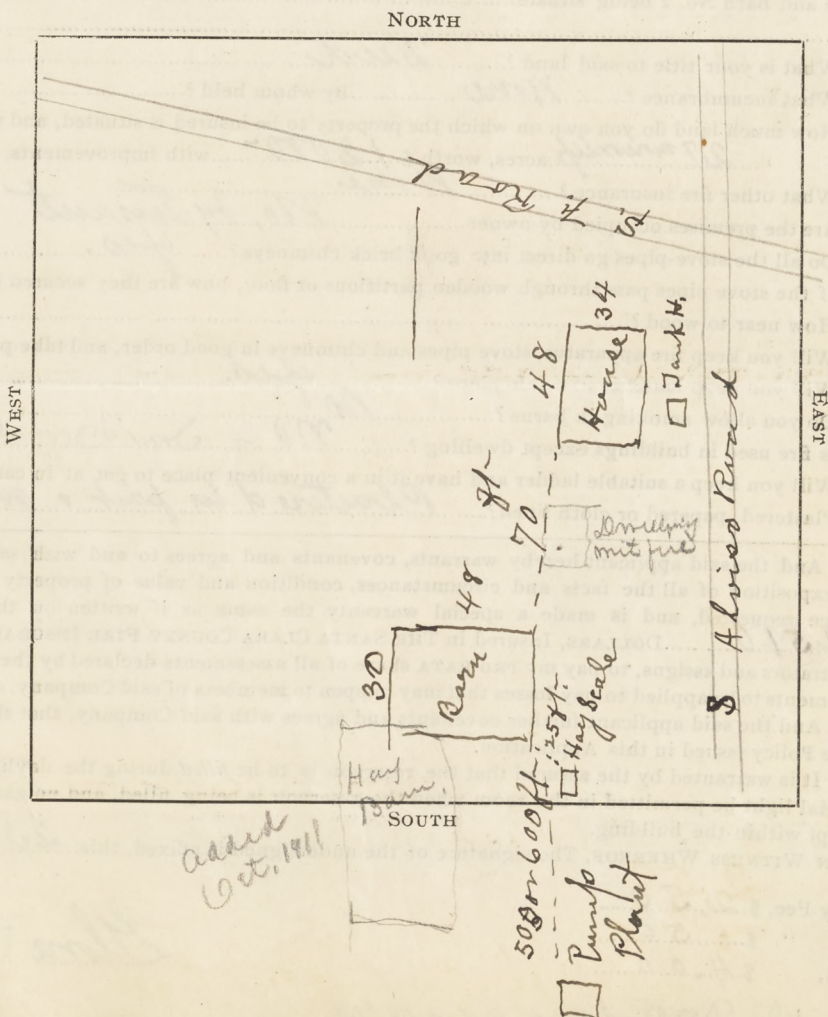

Contents to rate the same as the buildings in which they are kept.

An **outwinding** (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

*Mailed - Aug 21, 1904.*

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

Aug. 4-1914.

Miss Ella A. Taylor

San Jose, Cal.

Your letter received and would say I am not at home at present, but you may make out the Policy as before and I will return and be at the office before Aug. 15th to make it all right.

Yours truly  
F. H. Flanders.

## NOTICE TO A

On diagram show all insured, and all exposures; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

Press of Brower Printing Co., San Jose, Cal.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

*mailed - Sept. 1, 1909.*

### NOTICE TO AGENTS.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

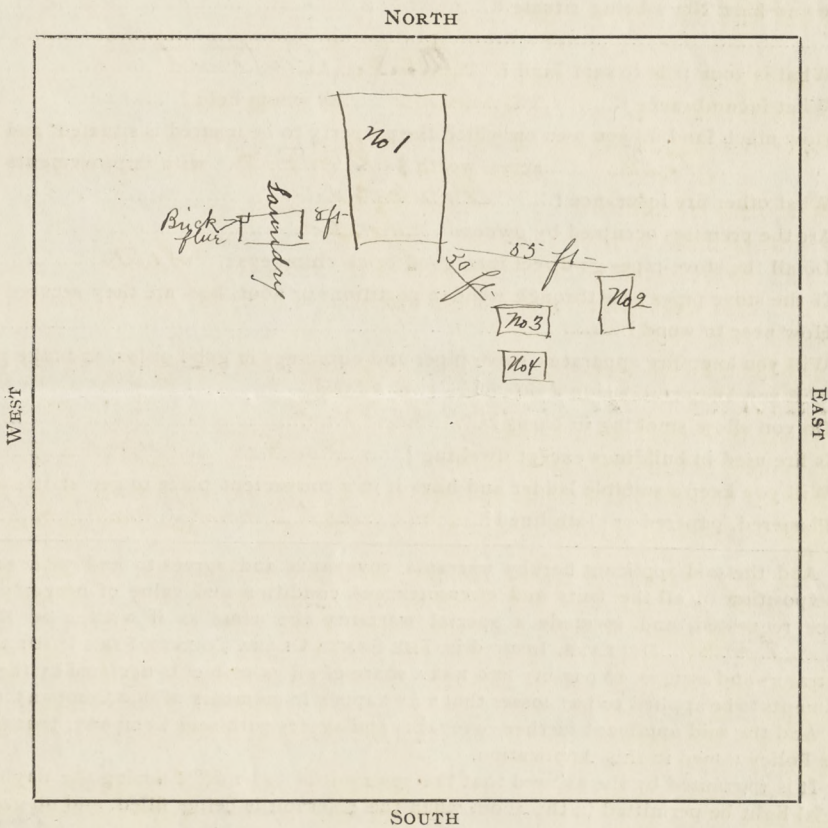

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

mailed - Sept 4, 1909.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed - Oct 2, 1909

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

House and Barn No. 1 being situated on Settle Avenue  
House and Barn No. 2 being situated

1. What is your title to said land? Deed
2. What incumbrance? None By whom held?
3. How much land do you own on which the property to be insured is situated, and what is its value?  
2 1/3 acres, worth \$3750 with improvements.
4. What other fire insurance? None
5. Are the premises occupied by owner? Yes
6. Do all the stove-pipes go direct into good brick chimneys? Yes
7. If the stove pipes pass through wooden partitions or floor, how are they secured?
8. How near to wood?
9. Will you keep fire apparatus, stove pipes and chimneys in good order, and take proper care of ashes and embers? Yes
10. Will you keep matches in a safe place? Yes
11. Do you allow smoking in barns? No
12. Is fire used in buildings except dwelling? No
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? Yes
14. Plastered, papered or cloth lined? Plastered

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and  
true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the in-  
surance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration  
of 2370 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
be kept within the building.

IN WITNESS WHEREOF, The signature of the undersigned is affixed, this 10 day of Sept 1909

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed - Sept 18, '09

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

Press of Brower Printing Co., San Jose, Cal.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed - Sept 25, 1909.

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

- Is fire used in buildings except dwelling? no
- Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes
- Plastered, papered or cloth lined? Plastered and papered

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the insurance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration of 1036 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, administrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall be kept within the building.

IN WITNESS WHEREOF, The signature of the undersigned is affixed, this 20 day of Sept 1909

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

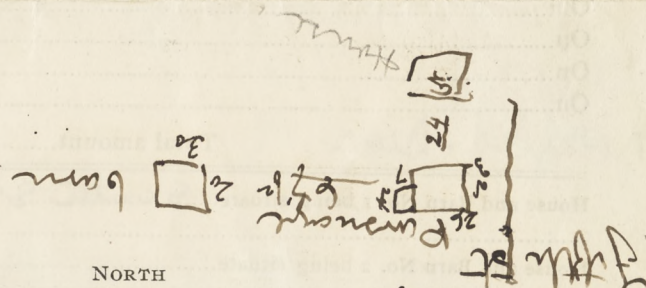

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed - Oct. 13, 1909.

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed - Oct 26, 09

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

*Mailed - Oct 28, 1909.*

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed Nov. 13, '09.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

Mrs. E. A. Taylor.  
San Jose.

Have received your favor of  
2<sup>nd</sup> Inst. & noted contents.  
Please make any necessary changes  
in my application.  
When I made the application, I did  
not know that it would cost so much  
to insure for five years, then it would  
for one. Mr. Jackson had not explained  
that to me.

The dimensions of my Barn are 30 + 20 ft.  
has loft over head for Hay, is divided into  
three compartments, one space for one  
horse, a wagon room, & one room  
for tools &c. it is well built, & has  
crustic boards.

When you send my Policy, please send  
me a couple of blank applications, as  
I know of two more persons that will  
likely take out Policies.

apologizing for giving you so much  
trouble.

I am  
Yrs truly

guest of assured  
arch 30. 1911.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

*Mailed - Nov. 23, 1904.*

## NOTICE TO AGENTS.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

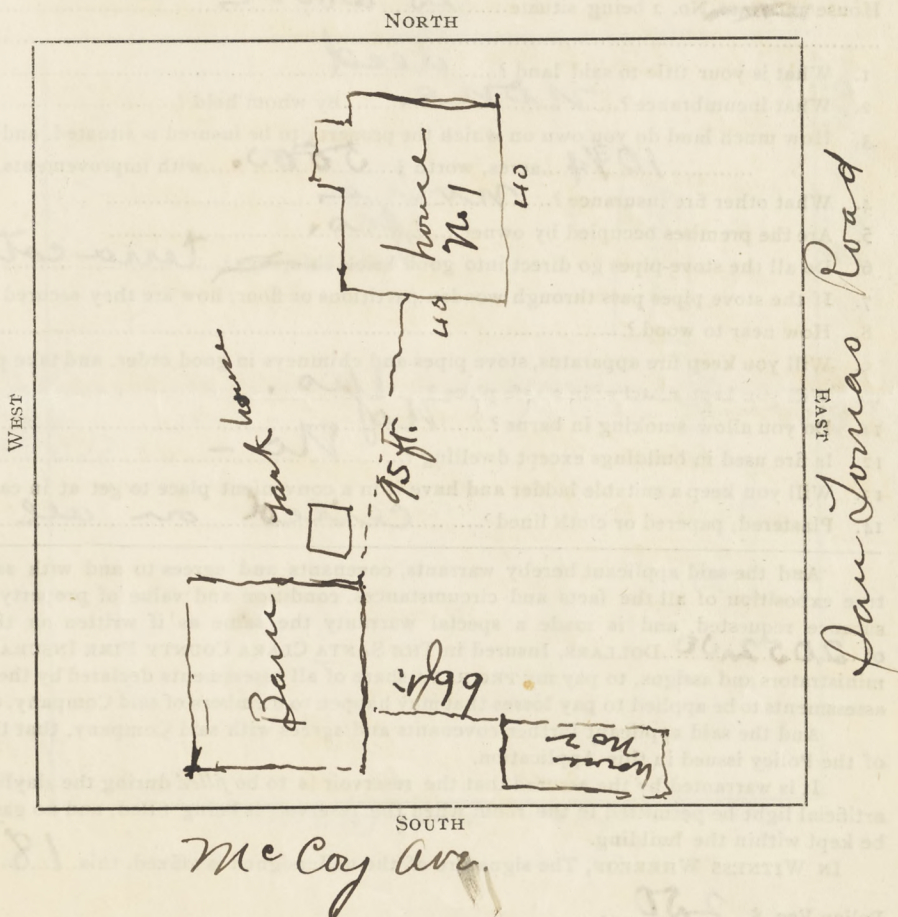

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Delivered to assured. Nov. 22, 09.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

Ella A Taylor, Secretary.

Santa Clara County Fire Insurance Company.

Dear Miss :-

I enclose the application of Mrs F.E.Mitchell for insurance on the C.E.Berry estate one and one half miles south of Coyote station on the Monterey road. The tank house is enclosed by covering the tank frame with building paper. This is used for a wash house and has a stove the pipe of which going <sup>through</sup> a hole cut in the side of the house.

The pipe from the living room stove passes through the side of the house , through a terra cotta thimble and then into a terra cotta pipe on a shelf outside the house. All things seems reasonably safe. The barn and hot house are small.

There are two or three questions to be answered which the applicant can do when she comes to sign the paper.

Hoping you will find all in order I am

Very respectfully yours

*E. Van Every*

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed - Dec 4, '04.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

11. Do you allow smoking in barns? yes
12. Is fire used in buildings except dwelling? no
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes
14. Plastered, papered or cloth lined? plastered and papered lined

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and  
true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the in-  
surance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration  
of 3,000.00 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
be kept within the building.

IN WITNESS WHEREOF, The signature of the undersigned is affixed, this 20th day of Nov 1909.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed Dec. 11, 1904

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An **outbuilding** (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings although separated, constitute a single hazard, are not exposures to each other.

Mailed Dec. 11, 1909.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

Post Office,

*J. A. Macovich*  
*Domestic & Commercial*  
*Insurance Co.*

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

*Mailed Dec. 17, 1909*

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

*Loanceled by order of Board of Directors.  
for non-payment of Annual assessment  
of 1913. - Jan 12 1914.*

House and Barn No. 1 being situate on Latimer Avenue One mile from Campbell -  
North West  
House and Barn No. 2 being situate.....

1. What is your title to said land? Deed
2. What incumbrance? \$4000.00 By whom held? Wm Donaldson
3. How much land do you own on which the property to be insured is situated, and what is its value?  
16 1/2 acres, worth \$8400.00 with improvements.
4. What other fire insurance? None
5. Are the premises occupied by owner? yes
6. Do all the stove-pipes go direct into good brick chimneys? yes
7. If the stove pipes pass through wooden partitions or floor, how are they secured? ---
8. How near to wood? ---
9. Will you keep fire apparatus, stove pipes and chimneys in good order, and take proper care of ashes and embers? yes
10. Will you keep matches in a safe place? yes
11. Do you allow smoking in barns? No
12. Is fire used in buildings except dwelling? No
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes
14. Plastered, papered or cloth lined? Papered on cloth closely tacked

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and  
true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the in-  
surance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration  
of 1498 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
be kept within the building.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

*Mailed Dec. 28, 1909.*

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Called for - Dec 26, 07

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

SAN JOSE, CAL., May 22 1912.

Of. Having purchased of James F. Adams the property described in  
The dam No. 1123 in the Santa Clara County Fire Insurance Company, and the said Polic. Y.  
of. having been assigned to me by said James F. Adams  
pany I hereby accept the said Polic. Y. of Insurance under the conditions which it was issued, and agree  
on p to pay all legal assessments and be governed by the By-Laws of the above Association.

Signed: E. H. Pratt

Expired Dec 23 1914  
Renewed #2479

House and Barn No. 1 being situated Hollister Ave. East of Mohawk  
West. Street Buggy Sub. Div. East Buggy  
House and Barn No. 2 being situated East of Mohawk

- What is your title to said land? Deed
- What incumbrance? 1800 By whom held? W. H. Briggs
- How much land do you own on which the property to be insured is situated, and what is its value? One acre  
acres, worth \$4000 with improvements.
- What other fire insurance? none
- Are the premises occupied by owner? yes
- Do all the stove-pipes go direct into good brick chimneys? no
- If the stove pipes pass through wooden partitions or floor, how are they secured? Through iron casing
- How near to wood? 1 ft.
- Will you keep fire apparatus, stove pipes and chimneys in good order, and take proper care of ashes and embers? yes
- Will you keep matches in a safe place? yes
- Do you allow smoking in barns? no
- Is fire used in buildings except dwelling? no
- Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes
- Plastered, papered or cloth lined? Plaster lined, papered and papered

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, condition and value of property to be insured, and is offered as a basis of the insurance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration of 250 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, administrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall be kept within the building.

IN WITNESS WHEREOF, The signature of the undersigned is affixed, this 22 day of Dec 1909

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed - Dec. 30, 1909.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

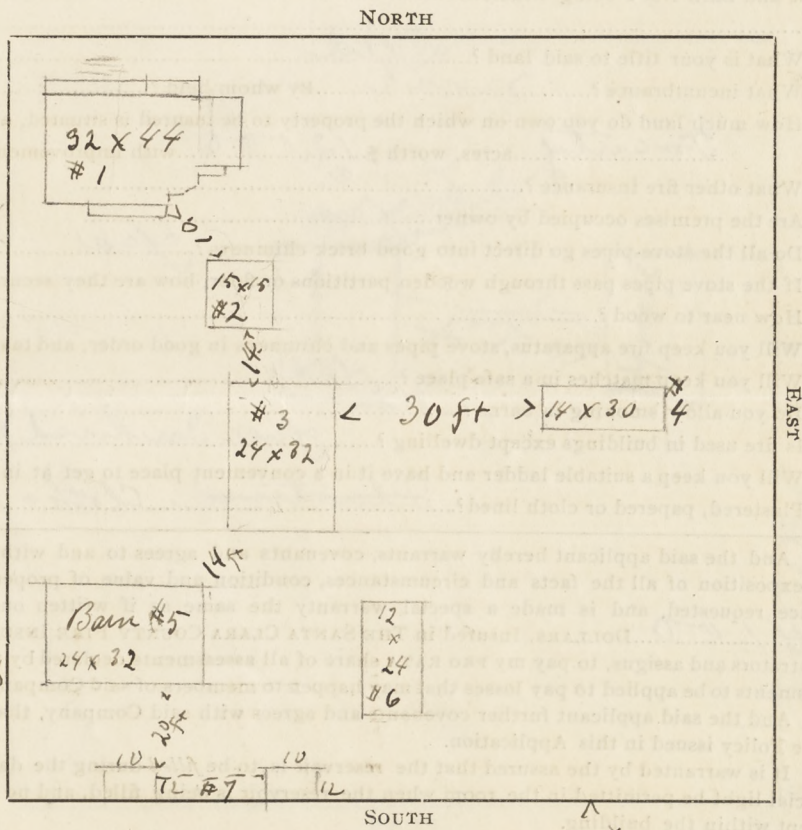

An **outwinding** (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

House and Barn No. 1 being situate On Bryant-Curran Emerson Tract near Mt. View

House and Barn No. 2 being situate.....

- What is your title to said land ?.....
- What incumbrance ?..... By whom held ?.....
- How much land do you own on which the property to be insured is situated, and what is its value ?.....  
 ..... acres, worth \$..... with improvements.
- What other fire insurance ?.....
- Are the premises occupied by owner.....
- Do all the stove-pipes go direct into good brick chimneys ?.....
- If the stove pipes pass through wooden partitions or floor, how are they secured ?.....
- How near to wood ?.....
- Will you keep fire apparatus, stove pipes and chimneys in good order, and take proper care of ashes and embers ?.....
- Will you keep matches in a safe place ?.....
- Do you allow smoking in barns ?.....
- Is fire used in buildings except dwelling ?.....
- Will you keep a suitable ladder and have it in a convenient place to get at in case of fire ?.....
- Plastered, papered or cloth lined ?.....

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the insurance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration of 1630 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, administrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall be kept within the building.

IN WITNESS WHEREOF, The signature of the undersigned is affixed, this 3 day of January, 1910

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed - Jan. 18 - 1910.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

House and Barn No. 1 being situated on East side of Stone Ave. about  
one mile South of San Jose, Santa Clara Co., Cal.  
 House and Barn No. 2 being situated

- What is your title to said land? Deed
- What incumbrance? none By whom held? —
- How much land do you own on which the property to be insured is situated, and what is its value?  
10 acres, worth \$ 6000 with improvements.
- What other fire insurance? no
- Are the premises occupied by owner? Yes
- Do all the stove-pipes go direct into good brick chimneys? Into Terra-cotta flues.
- If the stove pipes pass through wooden partitions or floor, how are they secured? Iron braces.
- How near to wood? about 3 inches
- Will you keep fire apparatus, stove pipes and chimneys in good order, and take proper care of ashes and embers? Yes.
- Will you keep matches in a safe place? Yes.
- Do you allow smoking in barns? no
- Is fire used in buildings except dwelling? In wash-house - about 50 ft from dwelling.
- Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? Yes.
- Plastered, papered or cloth lined? Plastered.

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and  
 true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the in-  
 surance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration  
 of 2250 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
 ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
 assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
 of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
 artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
 be kept within the building.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

*Mailed - Jan 18, 1910.*

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and  
true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the in-  
surance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration  
of 2500 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
be kept within the building.

IN WITNESS WHEREOF, The signature of the undersigned is affixed, this 1st day of January 1910.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50, \$1.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Insured - Jan 16, 1900.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

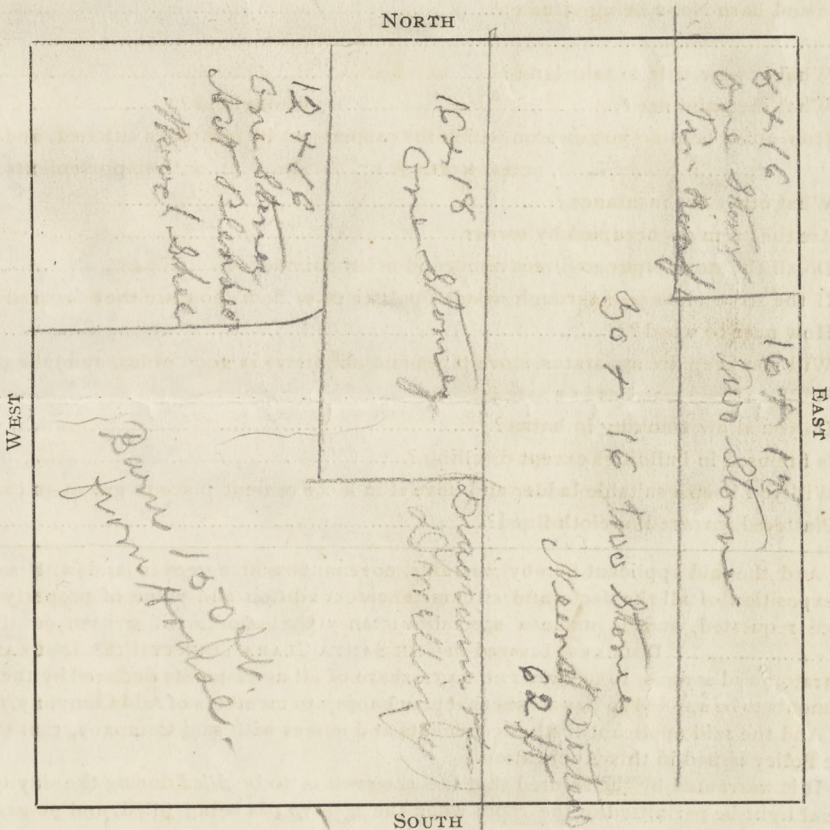

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

mailed Jan 19, 1910.

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

## DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An **outrigging** (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

14. Plastered, papered or cloth lined? panel finish

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and  
true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the in-  
surance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration  
of 224 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
be kept within the building.

Santa Clara Fire Ins. Co.

San Jose, Cal.

Attention Ella A Taylor;

Dear Madam;

I have your favor of the 8th inst relative to a vacancy permit covering my house and barn near Morgan Hill, of which I wrote you recently;

I wish to get the permit for ninety days and will quite likely wish to renew; all of the inflammable material and "fire risk" has been removed and myself and family are the care-takers, as either my wife or myself visit the place and look after it once or twice a week; we live on another ranch about four miles from there but work both places. If you must insert the name of a care taker, please make it Mrs. W. P. Arntz.

Would be glad to have this receive early attention.

Yours truly,

W. P. Arntz

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rate at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings which they are kept.

An outbuilding (except a barn or stable) which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

## DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outwinding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Policy not accepted.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

Mountain View Post Office,  
Santa Clara County, Cal.

Amount Insured, = = \$ 3000

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

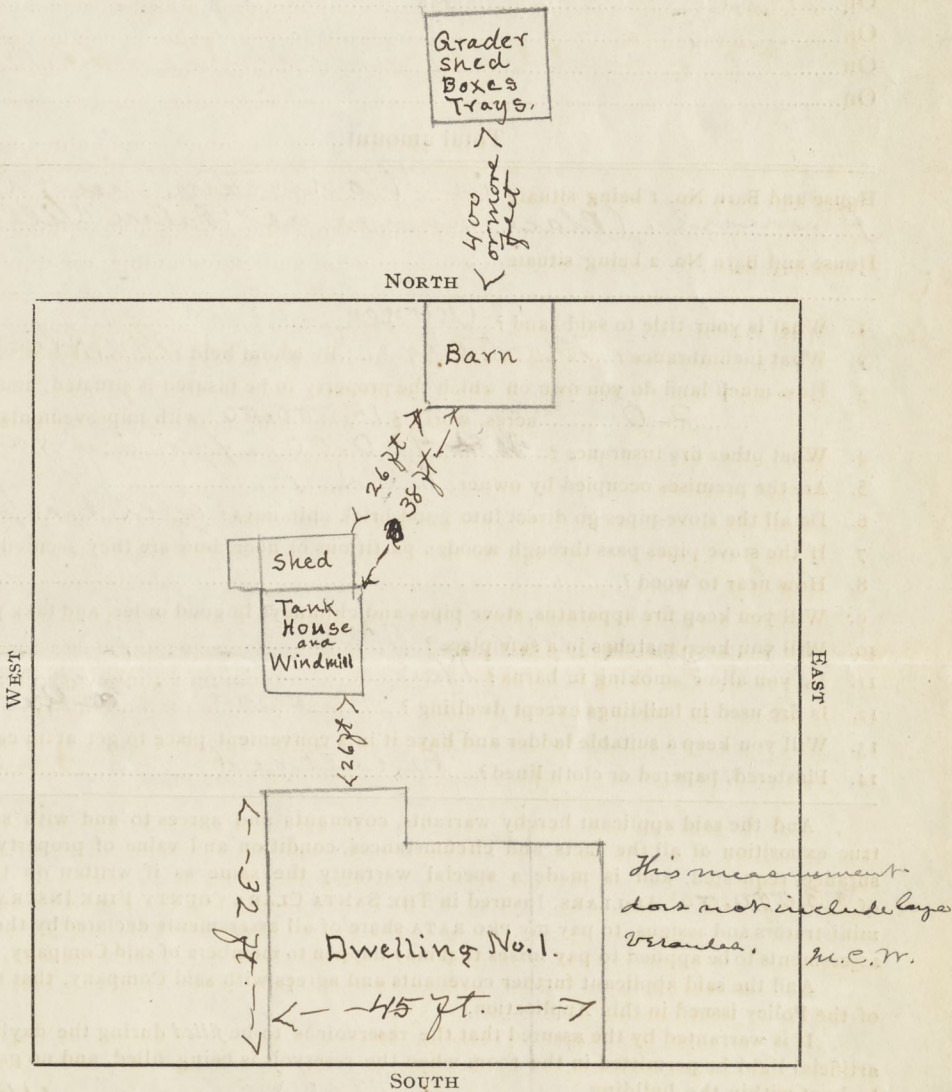

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed Feb. 2, 1910.

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

House and Barn No. 1 being situated North Side of San Francisco Road  
about 1/4 mile from Santa Clara  
House and Barn No. 2 being situated Doed

1. What is your title to said land? Doed
2. What incumbrance? none By whom held?
3. How much land do you own on which the property to be insured is situated, and what is its value?  
50 acres, worth \$ 2500 with improvements.
4. What other fire insurance? none
5. Are the premises occupied by owner? yes
6. Do all the stove-pipes go direct into good brick chimneys? yes
7. If the stove pipes pass through wooden partitions or floor, how are they secured? yes
8. How near to wood? yes
9. Will you keep fire apparatus, stove pipes and chimneys in good order, and take proper care of ashes and embers? yes
10. Will you keep matches in a safe place? yes
11. Do you allow smoking in barns? no
12. Is fire used in buildings except dwelling? none
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes
14. Plastered, papered or cloth lined? part wood sealed & part asbestos paper & wall paper

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and  
true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the in-  
surance requested, and is made a special warranty, the same as if written on the face of the Policy. For and in consideration  
of 1200 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.  
And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
be kept within the building.

IN WITNESS WHEREOF, The signature of the undersigned is affixed, this 8<sup>th</sup> day of February, 1910

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

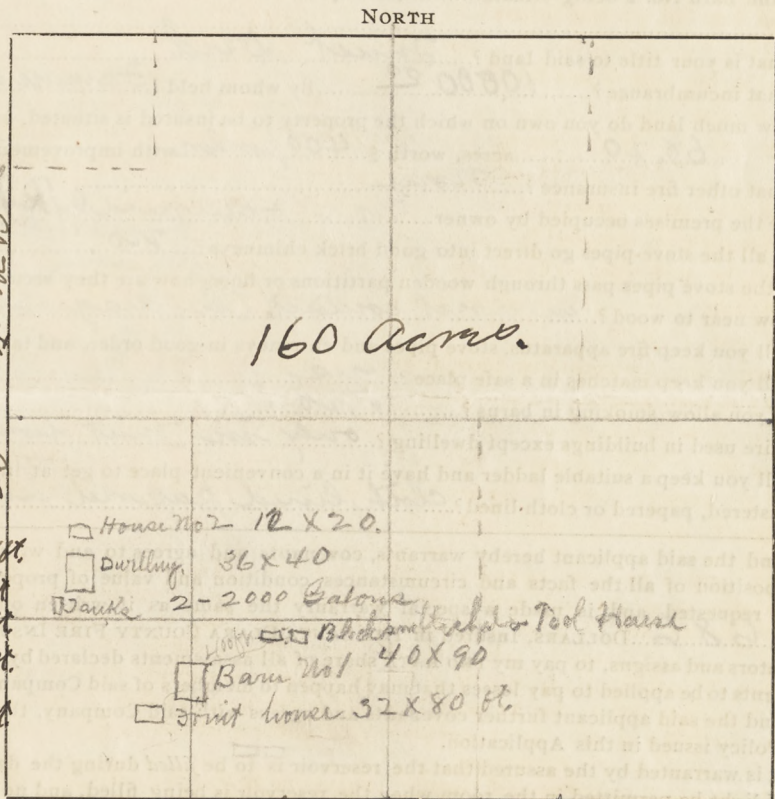

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

### NOTICE TO AGENTS.

Detached barns or stables and contents rated at \$1.50 / 100

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50 / 100

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed - Feb. 26, 1910.

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

Correlling detached. Small barn about 150 ft away. No other buildings near.

Gentlemen:--

To provide for necessary comfort I have placed a stove in my dining room and have run a terra cotta flue through the wall and eaves. The enclosed diagram, tho poorly drawn, will show the manner in which the work was done. Right in this connection I wish to say that the job was well done, and I feel that all risk of fire has been eliminated.

Hoping that this will be agreeable and assuring you that whatever additional premium is charged will be promptly paid, I remain,

Sincerely yours,

Chas Lake

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

mailed - Feb. 26, 1910.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

Miss Taylor have received the Policy & Bill for same Would like to know Why the amount is more than it was for the last five years I Paid 84 cts a year and Why should I be charged 42.50 fees when there is no agent to be Paid. you asked me if the Cloth & Paper was on the solid boards I told you it was. That is so of the side walls but I find that part of the ceiling the Cloth is tacked to the stringers without boards Will that make any difference with that Policy Kindly let me know & oblige

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50. 1.00

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50. 1.00

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

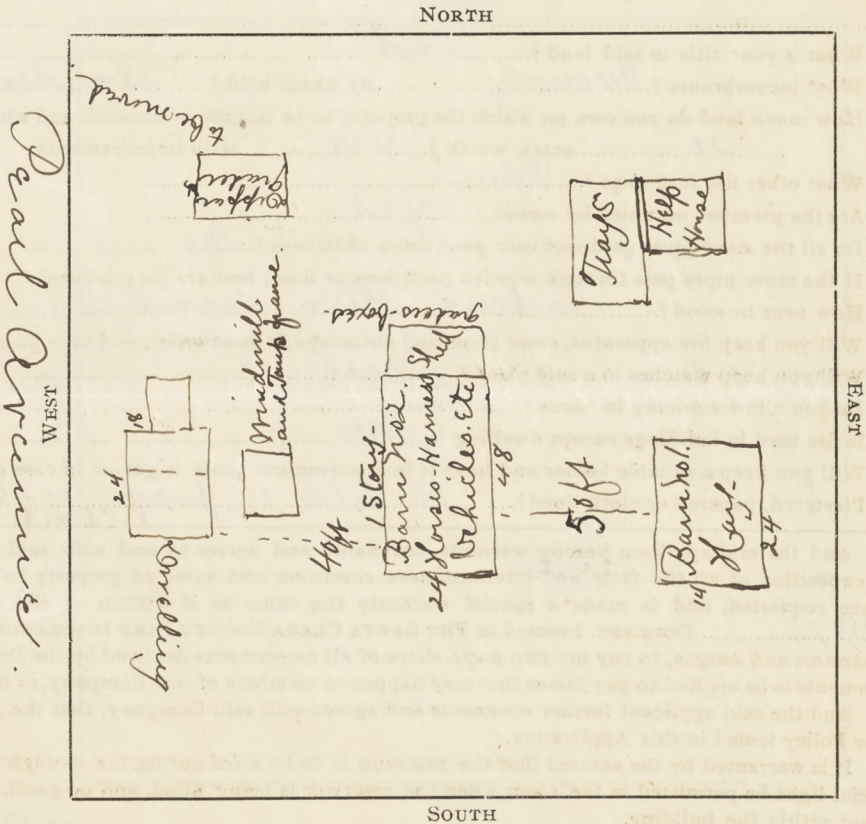

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Delivered - Mar. 11, 1910.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

House and Barn No. 1 being situated on Silver Creek Road, Evergreen District,  
Santa Clara County, Cal.  
House and Barn No. 2 being situated.....

1. What is your title to said land? Deed
2. What incumbrance? none By whom held?.....
3. How much land do you own on which the property to be insured is situated, and what is its value?.....  
Eighty-two acres, worth \$ 16000 with improvements.
4. What other fire insurance? no other
5. Are the premises occupied by owner? Yes
6. Do all the stove-pipes go direct into good brick chimneys? One - and into Terra-cotta
7. If the stove pipes pass through wooden partitions or floor, how are they secured? By collar
8. How near to wood? 1/2
9. Will you keep fire apparatus, stove pipes and chimneys in good order, and take proper care of ashes and embers? Yes
10. Will you keep matches in a safe place? Yes
11. Do you allow smoking in barns? no
12. Is fire used in buildings except dwelling? no
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? Yes
14. Plastered, papered or cloth lined? Cloth lined, closely latched and papered

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and  
true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the in-  
surance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration  
of 1950 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
be kept within the building.

IN WITNESS WHEREOF, The signature of the undersigned is affixed, this 11th day of March 1910.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50. 1.00

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50. 1.00

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

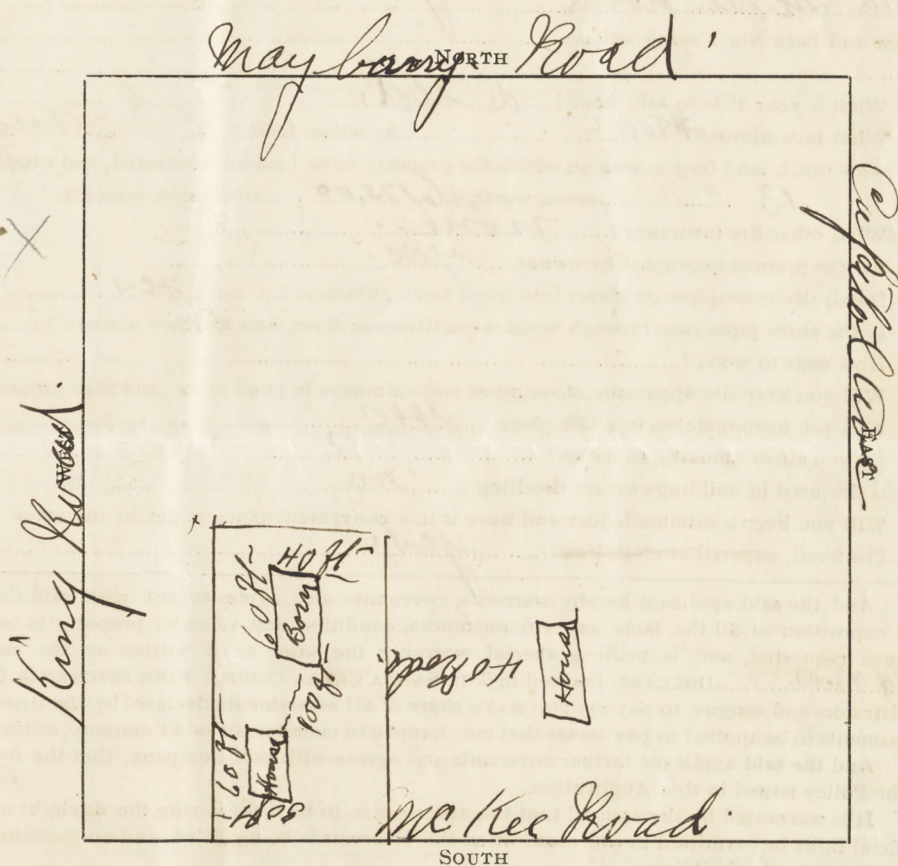

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Delivered - Mar. 14, 1910.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

2. What incumbrance? 1/25 By whom held? Mrs A. J. Jay
3. How much land do you own on which the property to be insured is situated, and what is its value?  
Ten acres, worth \$ 6500 with improvements.
4. What other fire insurance? none
5. Are the premises occupied by owner? yes
6. Do all the stove-pipes go direct into good brick chimneys? yes
7. If the stove pipes pass through wooden partitions or floor, how are they secured? yes
8. How near to wood? yes
9. Will you keep fire apparatus, stove pipes and chimneys in good order, and take proper care of ashes and embers? yes
10. Will you keep matches in a safe place? yes
11. Do you allow smoking in barns? no
12. Is fire used in buildings except dwelling? no
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes
14. Plastered, papered or cloth lined? Plastered

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and  
true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the in-  
surance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration  
of 2894 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
be kept within the building.

IN WITNESS WHEREOF, The signature of the undersigned is affixed, this 7th day of March 1910.

Policy Fee, \$ 2.50  
Millage 3/4 \$ 9.85

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

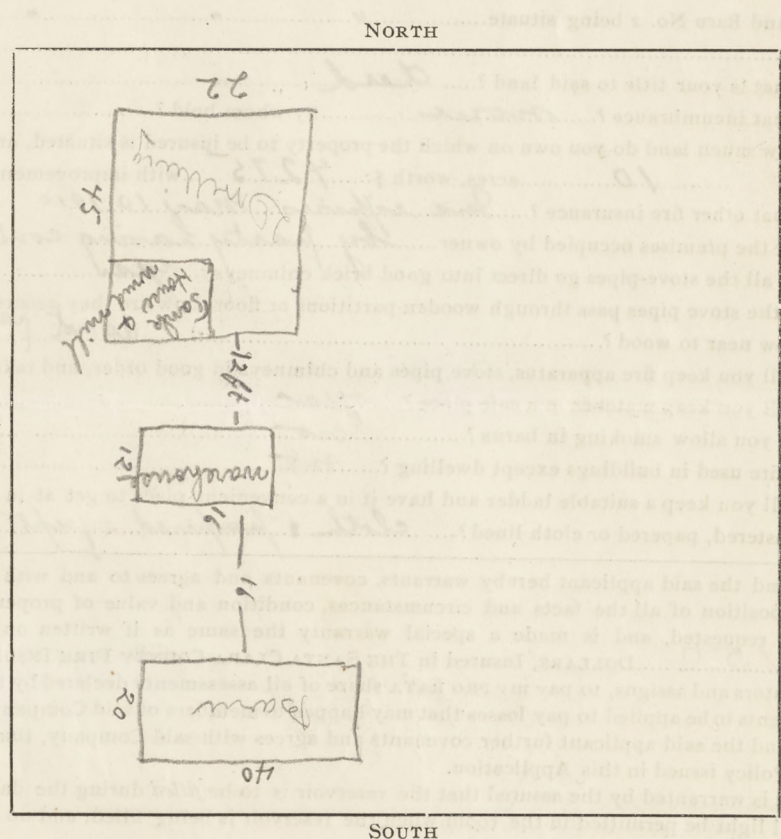

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed Apr. 7, 1905

### NOTICE TO AGENTS.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents. — *100/100/100*

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at *\$1.50/100 - 20% March 1900 -*

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated *\$1.50/100*

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

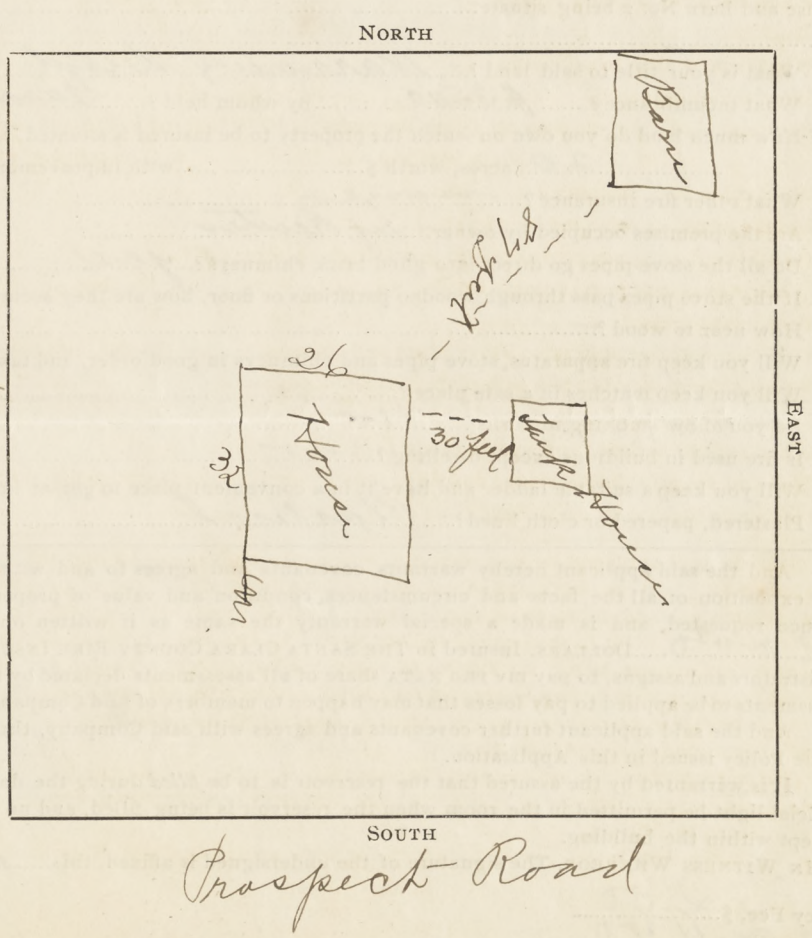

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

*Delivered - March 15, 1900.*

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

*Mailed March 23, 1910.*

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

mailed - April 2, 1910.

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed - April 16, 1910.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

Handwritten notes and signatures at the bottom of the page, including 'Campbell Ave' and 'Johnson Home'.

Dec. 31, 1911.

The Santa Clara County Fire Ins. Co.

San Jose,  
Gentlemen;

On the 31<sup>st</sup> of Dec the house, in which  
we lived, in Gilroy, burned down.

Among the things burned was also the  
Fire Ins. policy for my property in San Martin.

I should be very much obliged if you issue  
a duplicate and forward it to me.

To avoid misunderstanding I will express-  
ly state that it is not the Insured building  
which is burned but the house we live in and  
only the policy burned up.

Your Very Respectfully

Emil H. Marquardt.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and  
true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the in-  
surance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration  
of 959.00 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
be kept within the building.

IN WITNESS WHEREOF, The signature of the undersigned is affixed, this 25th day of April 1910.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

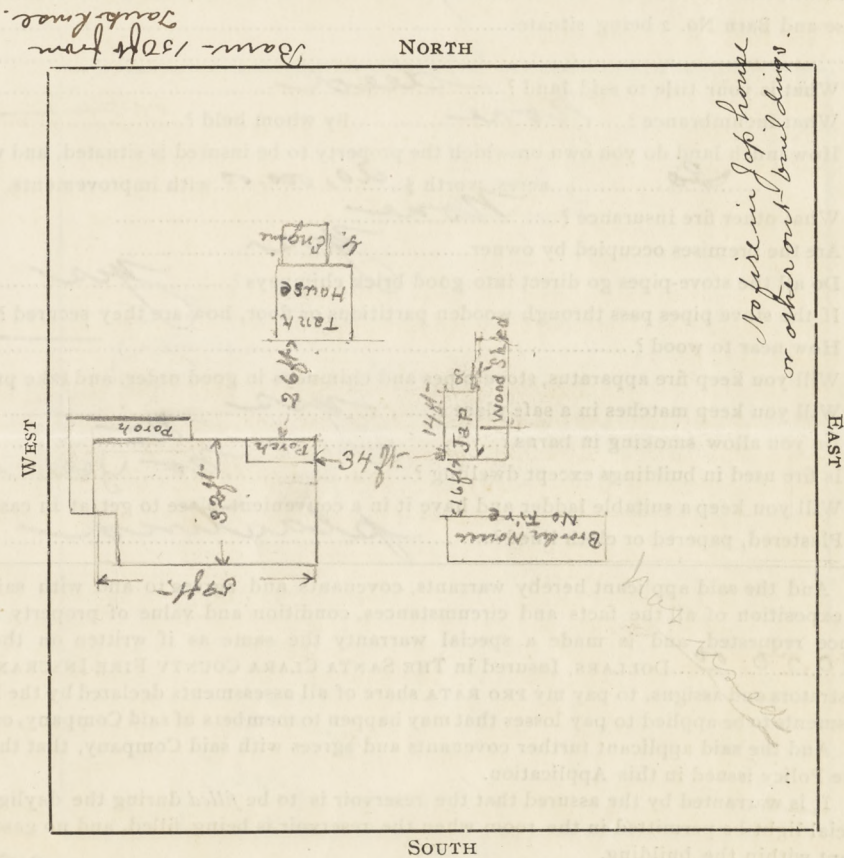

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

*mailed - May 25, 1910.*

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and  
true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the in-  
surance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration  
of 2480 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
be kept within the building.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

### NOTICE TO AGENTS.

- Do you allow smoking in barns? I do not
- Is fire used in buildings except dwelling? No
- Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? I will
- Plastered, papered or cloth lined? Plastered

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and  
 true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the in-  
 surance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration  
 of 4000.00 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
 ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
 assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
 of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
 artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
 be kept within the building.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

## DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

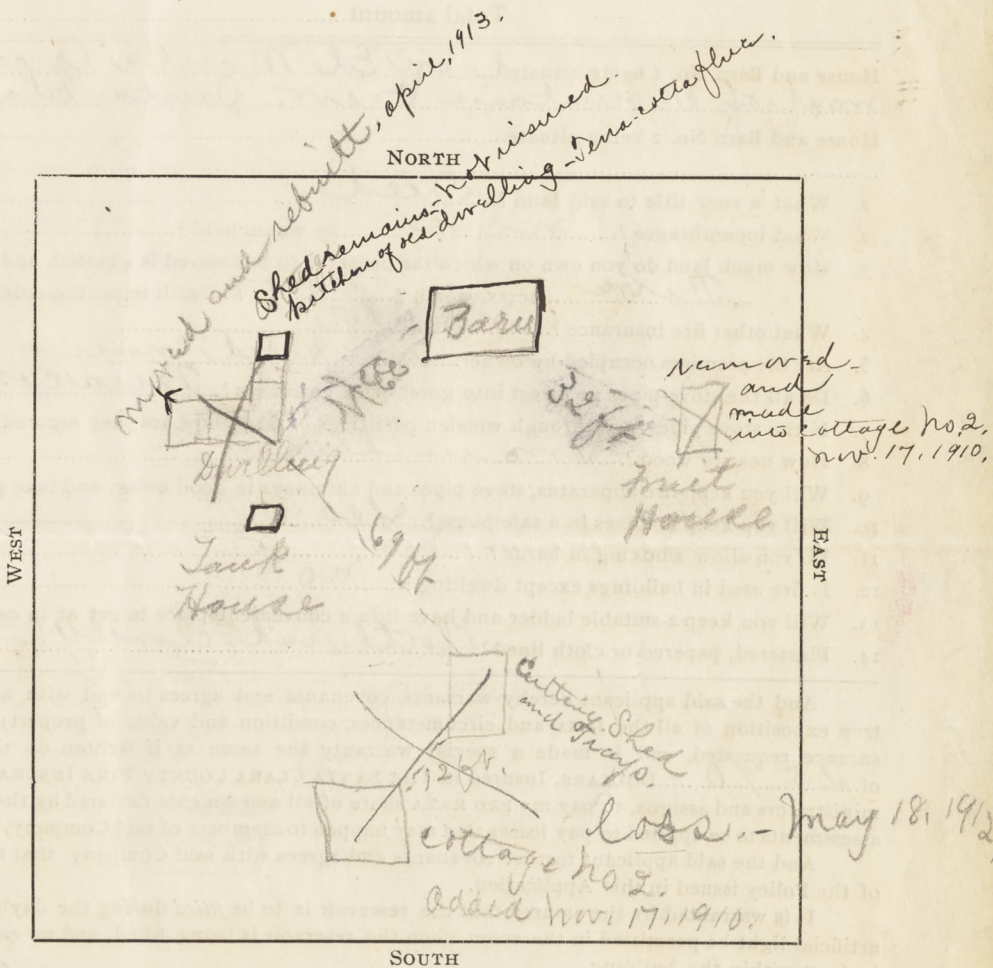

An **outwinding** (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed May 9, 1910.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

Madam

In reply to your favor  
of the 5th inst. I would say that  
we have fully replaced the damage  
to house & furniture, we have not  
yet replaced all of our blankets  
as we have not needed them in the  
summer season but we shall do so  
this fall. Both the house and  
household effects as they stand at  
present are much more valuable  
than the amount we are insured for.  
Yours respectfully  
J. H. Bull.

# APPLICATION

OF

J. C. Boundary

Plan Josee, Post Office,  
Santa Clara County, Cal.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Delivered May 23, 1910.

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

*Mailed June 2, 1905.*

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

House and Barn No. 1 being situate As described in application #526  
application for building insurance  
House and Barn No. 2 being situate.....

1. What is your title to said land ?.....
2. What incumbrance ?.....By whom held ?.....
3. How much land do you own on which the property to be insured is situated, and what is its value ?.....  
.....acres, worth \$.....with improvements.
4. What other fire insurance ?.....
5. Are the premises occupied by owner.....
6. Do all the stove-pipes go direct into good brick chimneys ?.....
7. If the stove pipes pass through wooden partitions or floor, how are they secured ?.....
8. How near to wood ?.....
9. Will you keep fire apparatus, stove pipes and chimneys in good order, and take proper care of ashes and embers ?.....
10. Will you keep matches in a safe place ?.....
11. Do you allow smoking in barns ?.....
12. Is fire used in buildings except dwelling ?.....
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire ?.....
14. Plastered, papered or cloth lined ?.....

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and  
true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the in-  
surance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration  
of 850.00 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
be kept within the building.

IN WITNESS WHEREOF, The signature of the undersigned is affixed, this 2<sup>nd</sup> day of June 1910

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

*Delivered June 9, 1913.*

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

## DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

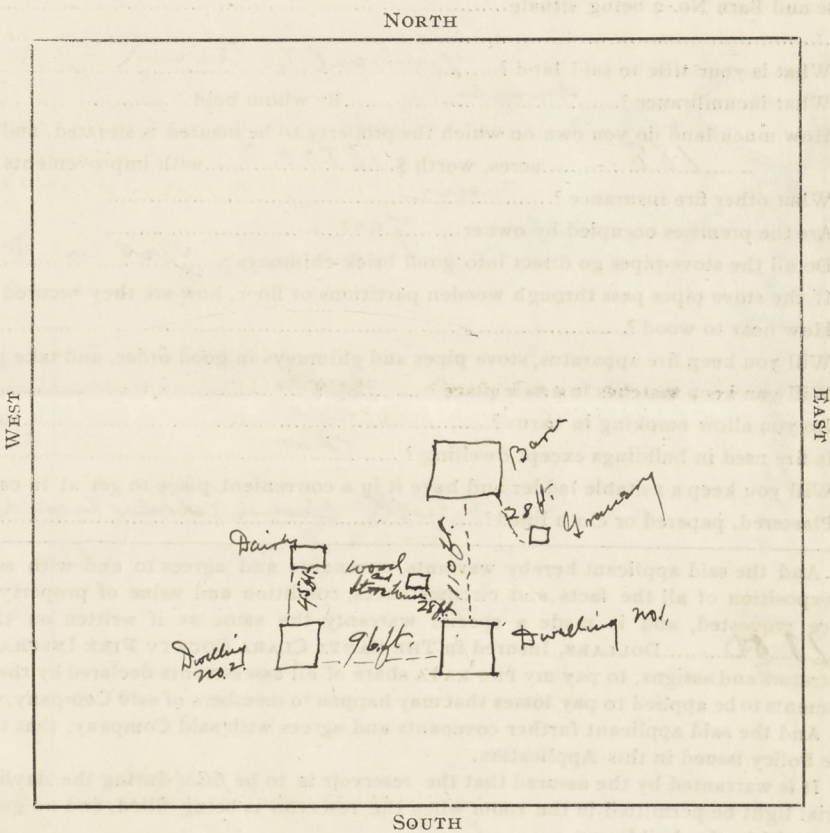

An **oundwilling** (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed - June 7, 1910.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

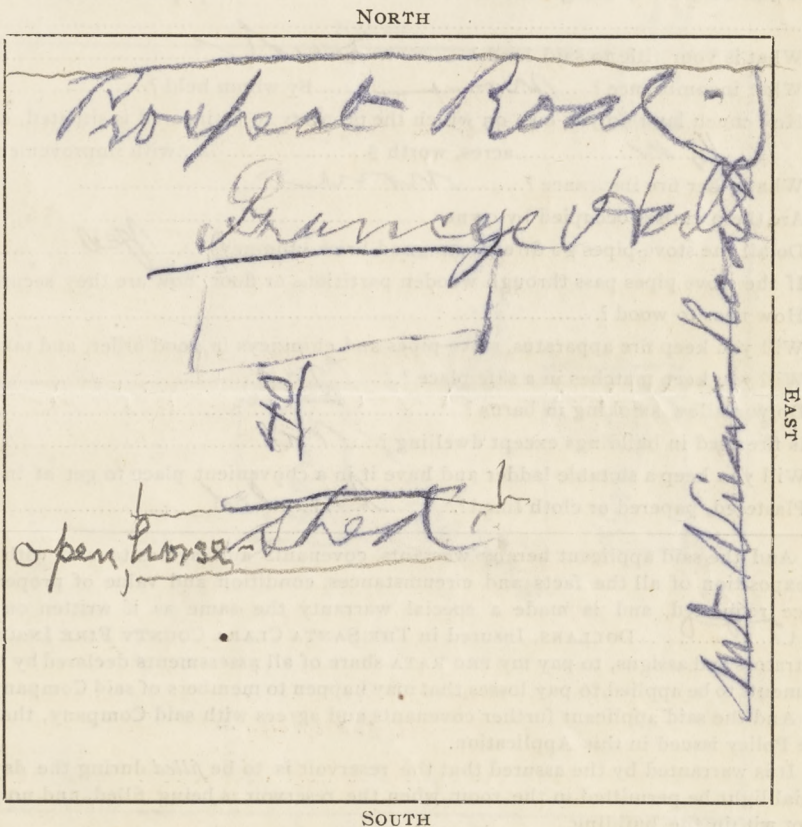

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Revised - June 11, 1910.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

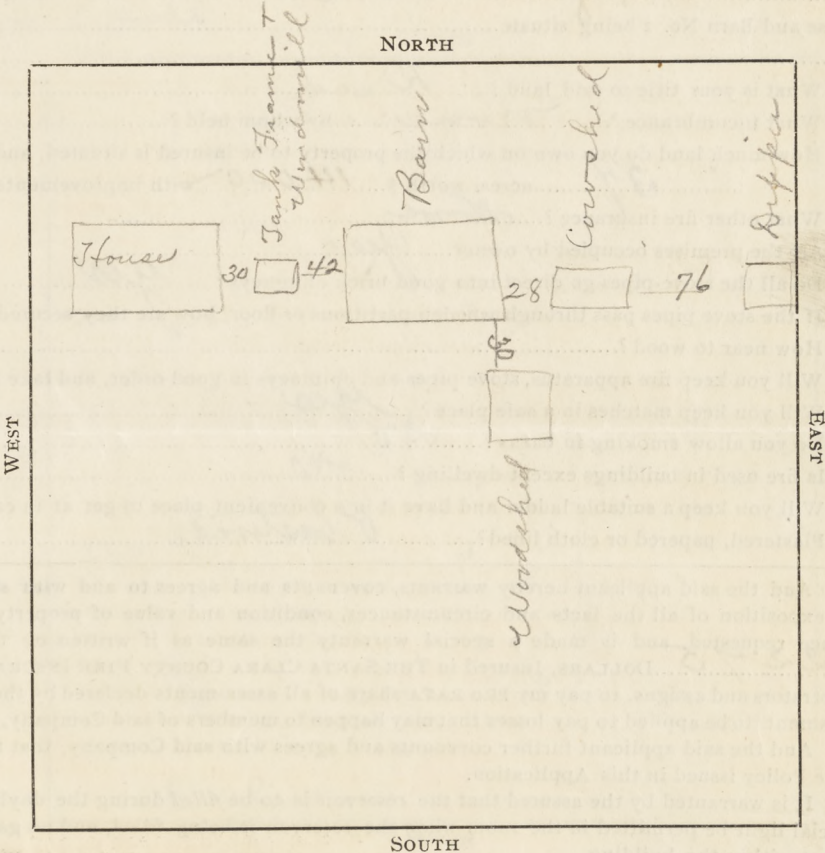

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

San Jose, Cal.

Dear Madam:---

Enclosed please find your policy No. 1201 on the property located at Lawrence Station, which belonged to My Mother, Mrs. E. E. Mason. Mrs. Mason passed from this life on March 24th. Will you kindly make <sup>any necessary</sup> corrections in the policy herewith.

While there is no mention made of the fact in this policy, there is a mortgage of \$1350: on this place and it is usual in such cases to make mention of this. It may affect the validity of the policy if such mention is not made. We would like your opinion in this matter as we do not wish any misunderstanding in case of loss.

Awaiting your reply, we are,

Yours truly,

The title of this property has passed to me, by deed of gift, made and recorded.

A. F. P.

Miss Ella A. Taylor, Sect'y.  
 Santa Clara Co. Fire Ins. Co.,  
 Room 10, Porter Block,  
 San Jose, Cal.

Dear Miss:---

We are sending herewith the transfer slip sent us some time since. We have looked over the By-laws of the S.C.F.I.Co., and the statement sent. We think the Co. is to be congratulated in the good fortune they have had in the past.

We note in the By-laws a reference to a building remaining unoccupied over 20 days. Now the two-story dwelling at Lawrence, and which was occupied by my Mother before her death is now unoccupied, except that the party who lives in the adjoining dwelling, (the two dwelling join but have no direct house to house communication except via the porch) has the keys and goes in to look after things and to water the flowers that my Mother left. We believe under these circumstances the property would not be considered "unoccupied" strictly according to the meaning of the rule.

We would like your understanding of this case as we are inclined to believe that the rule was made to protect the Company against carrying risks that had no protection, and were therefore a greater hazard. In this case while no one occupied the building those immediate adjoining have access to it and visit it every other day or so.

answer we are,

Awaiting return of the policy with your kind

Yours truly,

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

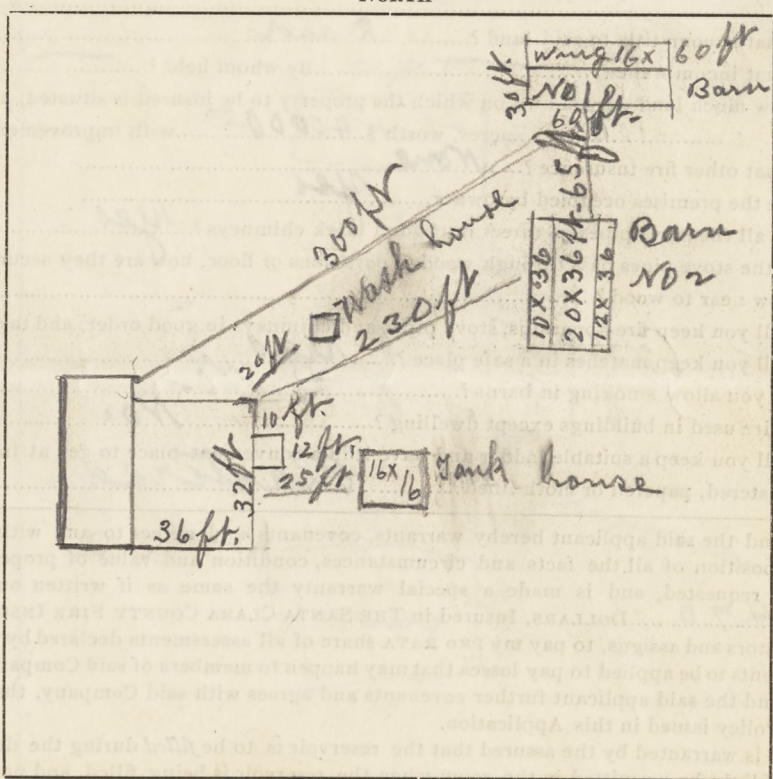

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

*Mailed June 30, 1910.*

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

*Mailed - June 30, 1910*

## NOTICE TO AGENTS.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

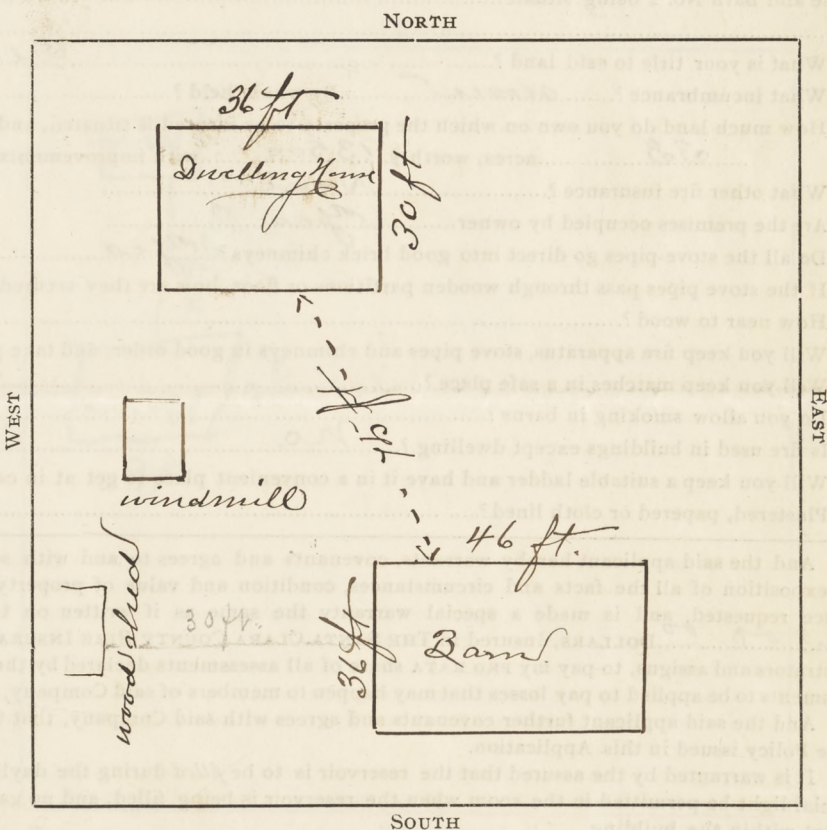

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

## NOTICE TO AGENTS.

This place in hands of Public Administrator  
 Hall, who desires insurance to continue.  
 As he hopes to sell property soon. He  
 promises to pay, from the estate, all  
 legal expenses, and assessments, as  
 he is responsible for any claims against property.  
 Nov. 14, 1911 Sec.

PERMIT is hereby granted for the building insured under Policy No. 1210  
 of the Santa Clara County Fire Insurance Company, to remain vacant for Six mo days from date, it being  
 understood and agreed that said building shall be under the care and supervision of some competent person, and that  
 all the doors and windows shall be closed and securely fastened, and that all rubbish is removed from said building,  
 otherwise this policy shall be null and void.

Ella Q. Taylor. Secretary.  
November 14, 1911.

14. Plastered, papered or cloth lined? to be Ceiled & painted

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and  
 true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the in-  
 surance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration  
 of 1000.00 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
 ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
 assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
 of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
 artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
 be kept within the building.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Dated July 9, 1905

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed July 9, 1905

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

House and Barn No. 1 being situate Five mi south of San Jose  
on Almaden road \$18.5

House and Barn No. 2 being situate.....

- What is your title to said land? Deed
- What incumbrance \$3500 By whom held? Jansen Clement Schuh
- How much land do you own on which the property to be insured is situated, and what is its value? 200 payable mar. 26, 1912.  
18 acres, worth \$5500 with improvements.
- What other fire insurance? None
- Are the premises occupied by owner? Yes
- Do all the stove-pipes go direct into good brick chimneys?
- If the stove pipes pass through wooden partitions or floor, how are they secured?
- How near to wood?
- Will you keep fire apparatus, stove pipes and chimneys in good order, and take proper care of ashes and embers?
- Will you keep matches in a safe place? Yes
- Do you allow smoking in barns? No
- Is fire used in buildings except dwelling? No
- Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? Yes
- Plastered, papered or cloth lined?

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the insurance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration of \$464 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, administrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall be kept within the building.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed July 25, 1910

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

12. Is fire used in buildings except dwelling? No
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire?.....
14. Plastered, papered or cloth lined?.....

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and  
true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the in-  
surance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration  
of 250 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
be kept within the building.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An **outrigging** (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and  
true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the in-  
surance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration  
of 3050 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
be kept within the building.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents,

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

NORTH

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

July 20, 1905.

Mr. Albert Kunde:

Dear Sir:

Your Policy, No. 1223-<sup>00</sup>/<sub>100</sub> 2200, issued by the above-named Company Aug. 4, 1900, for a term of five years, will expire Aug. 4, 1905

We presume, as a matter of economy, you desire to renew the same. If so, you will please call on the Secretary any time before the date of expiration.

Yours respectfully,

Ella A. Taylor.  
Secretary.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more storepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Received at Office - July 30, 1910, at 10:30 o'clock, A.M.

Policy Delivered - Aug. 5, 1910.

### NOTICE TO AGENTS.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Received in Office at 10:30 o'clock, Aug 5, 1910.

Mailed - August 5, 1910.

*Applied - Aug. 10, 1913*  
*Discontinued - #2053*

House and Barn No. 1 being situate on South side of Donner Ave. near  
Eden Vale, Santa Clara Co., Cal.  
House and Barn No. 2 being situate.....

1. What is your title to said land? Deed.
2. What incumbrance? none By whom held? A. D. Bauer - Long payable
3. How much land do you own on which the property to be insured is situated, and what is its value? 1/24/100 acres, worth \$3,000 with improvements. 4240 - 800
4. What other fire insurance? none
5. Are the premises occupied by owner? yes
6. Do all the stove-pipes go direct into good brick chimneys? yes
7. If the stove pipes pass through wooden partitions or floor, how are they secured? none
8. How near to wood? yes
9. Will you keep fire apparatus, stove pipes and chimneys in good order, and take proper care of ashes and embers? yes
10. Will you keep matches in a safe place? yes
11. Do you allow smoking in barns? no
12. Is fire used in buildings except dwelling? no
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes
14. Plastered, papered or cloth lined? Papered and cloth lined, closely latched to boards

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and  
true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the in-  
surance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration  
of 156.5 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
be kept within the building.

IN WITNESS WHEREOF, The signature of the undersigned is affixed, this 10th day of August 1900.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Decid in Office at 4:45 P.M. August 7, 1910.

Mailed. Aug. 13, 1910.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

And the said applicant hereby warrants, covenants and agrees to and with said Company, that the foregoing is a full, just and  
 true exposition of all the facts and circumstances, condition and value of property to be Insured, and is offered as a basis of the in-  
 surance requested, and is made a special warranty the same as if written on the face of the Policy. For and in consideration  
 of 1107 DOLLARS, Insured in THE SANTA CLARA COUNTY FIRE INSURANCE COMPANY, I bind myself, heirs, executors, ad-  
 ministrators and assigns, to pay my PRO RATA share of all assessments declared by the Directors of said Company, within sixty days, said  
 assessments to be applied to pay losses that may happen to members of said Company, or incidental expenses, during the life of my Policy.

And the said applicant further covenants and agrees with said Company, that the By-Laws of the said Company shall form a part  
 of the Policy issued in this Application.

It is warranted by the assured that the reservoir is to be filled during the daylight only, when the stove is not in use, and that no  
 artificial light be permitted in the room when the reservoir is being filled, and no gasoline except that contained in said reservoirs shall  
 be kept within the building.

IN WITNESS WHEREOF, The signature of the undersigned is affixed, this 28th day of August 1910.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Rec'd in Office at 10:36 o'clock, a.m. Aug 29, 1910.

Mailed - Sept 3, 1910

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Received in office - 10:15 A.M. August 20-1910

Mailed - Sept 1, 1910.

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

OFFICE OF THE

**Santa Clara County Fire Insurance Co.**

24084  
Phone John 2242  
Secretary's Residence

Room 10  
Forster Bldg.

San Jose, Cal., Sept. 8. 1905.

Mr. J.R. Wade.

Dear Sir:

Your Policy, No. 1243-1010<sup>00</sup>, issued by the above-  
named Company Sept. 1, 1900, for a term of five  
years, will expire Sept. 1, 1905.

We presume, as a matter of economy, you desire to renew the  
same. If so, you will please call on the Secretary any time before the  
date of expiration.

Yours respectfully,

Ella A. Taylor.  
Secretary.

Mr J.R. Wade passed on two years  
ago. The place is sold and the  
house torn down that you had  
insured. Yours Resp. Mrs J.R. Wade,

at its value?.....

1 Terra-cotta  
well secured.

per care of ashes and embers?.....Yes

of fire?.....Yes  
later on back part of  
Sept 1st

Company, that the foregoing is a full, just and  
be Insured, and is offered as a basis of the in-  
face of the Policy. For and in consideration  
E COMPANY, I bind myself, heirs, executors, ad-  
directors of said Company, within sixty days, said  
incidental expenses, during the life of my Policy.  
By-Laws of the said Company shall form a part

it only, when the stove is not in use, and that no  
line except that contained in said reservoirs shall

.....day of Aug 1900

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Read in Office at 10:50 o'clock, A.M. Sept 3, 1910.  
mailed Sept 3, 1910.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

Press of Brown Printing Co., San Jose, Cal.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Rec'd in Office at 4.50 P. M. Sept 2, 1910.

Delivered Sept. 7, 1910.

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

Please put drawing of house, barn and Fruit House, with distance between so added - in diagram above.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

## DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outwinding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Read in Office at 2:30 P. M. Sept. 3, 1910

Mailed - Sept. 6, 1910.

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Recd in Office at 11:25 a.m. Sept 7, 1910.

mailed - Sept. 10, 1910.

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes, extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

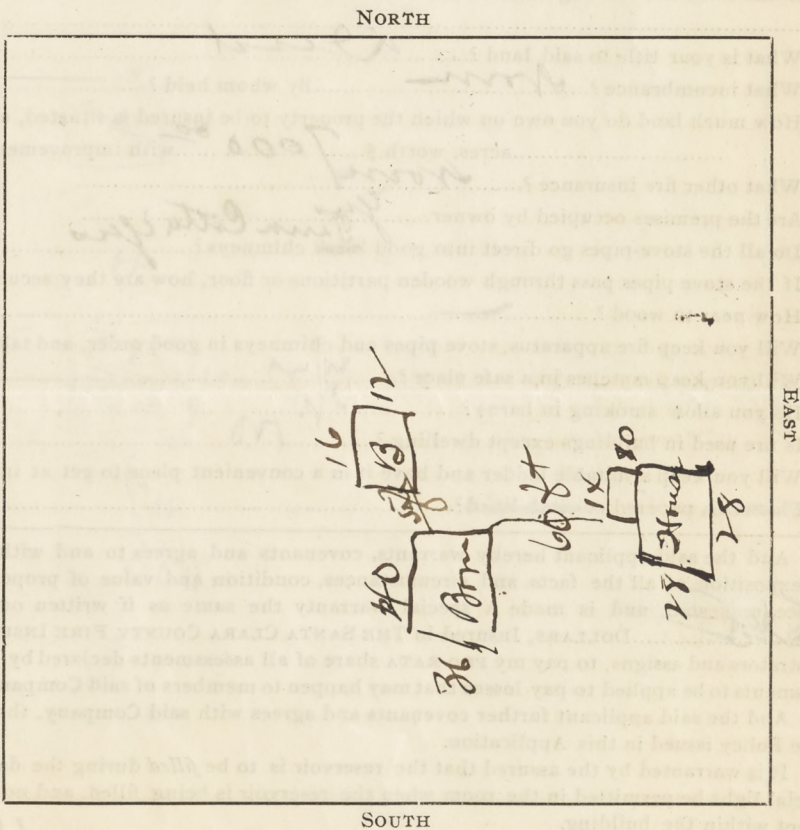

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Recd in Office at 10:20 a.m. Sept 23, 1910.

Policy mailed - Sept. 24, 1910.

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

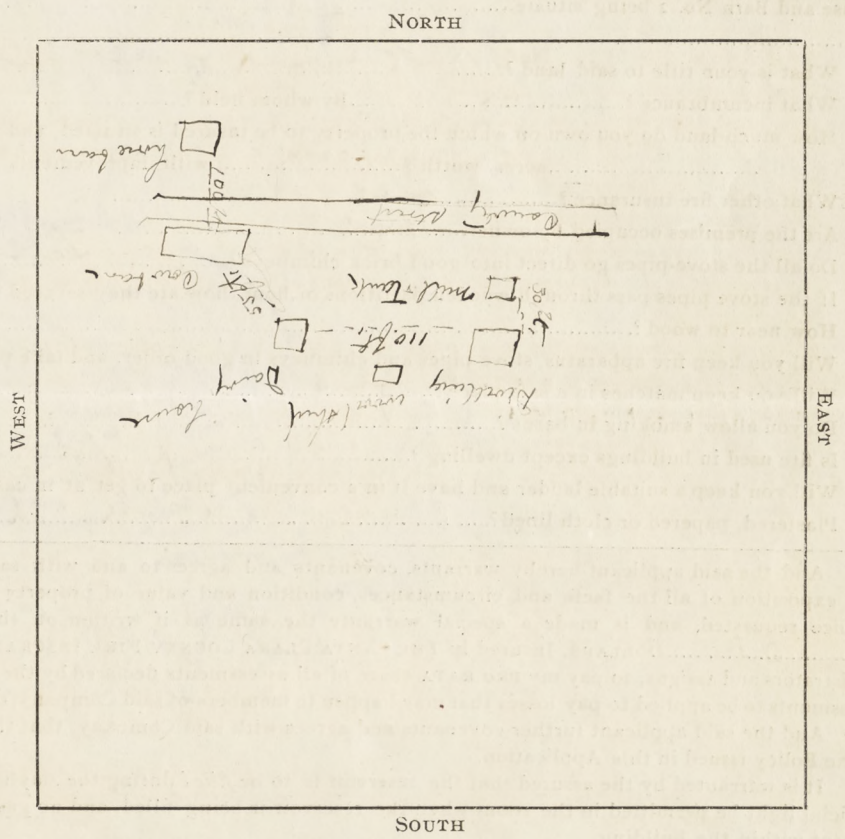

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

*Recd in Office at 2:15 P.M. Sept 24, 1910*

*Policy delivered. Sept. 27, 1910.*

## NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

Dear Madam,

Yours of the 23rd at  
Land, has been sent for making no  
re-plantation of the diagram on Alexander  
Watson's application, but your idea  
of it is correct. 28 ft. from the  
dwelling is the dairy & laundry then  
63 ft. further the milking shed and  
two barns. The dwellings in question  
have wood ceiling, and the concrete lining  
is I think safer than brick, are accepted  
by old line companies. Its made with  
a heavy sheet iron in side. Built up  
some 4 or 5 inches from inside with boards  
then filled in with concrete. When  
well set the boards are removed.

Send the statements of the two and  
to me, received the 20th enclosed  
in your letter. Respectfully  
Yours,  
H. A. Moore

GILROY, CAL. Sept 11. 1900

Santa Clara County Fire Insurance Co  
San Jose Cal  
Gentlemen

Your letter of the 10<sup>th</sup> at hand & contents noted  
& in reply will say that upon my arrival home from  
San Jose yesterday I found a check note from Mr. English  
also the statement you had sent him.

I am enclosing his note to you & will say that I think  
the quickest way for you to get in touch with him would  
be to address him to First National Bank <sup>Santa Barbara</sup> ~~San Jose~~ Cal  
as he notified me when he left the state that I was to  
send any communication to him there

Hoping to hear from you in the near future. I am

Very truly yours

Thos Thomson

Mr. Thomas Thomson has contract to buy property of J. F. English  
at Gilroy. After next payment, deed will be transferred to him,  
also Insurance Policies. -Secretary-

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An **outbuilding** (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Recd in Office at 3:45 - P. M. - Sept. 29, 1910.

Policy mailed - Oct 24, 1960.

## NOTICE TO AGENTS.

## CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

### DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Rec'd in Office at 11:05 a.m. Oct 1, 1910.

Mailed Oct 3, 1910

### NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

1272.

350 @ 1.00 = 700

## APPLICATION

Of Chas. C. Warren, San Jose, Postoffice, Santa Clara County, Calif., to  
**The Santa Clara County Fire Insurance Company**, for indemnity and Insurance against loss or  
 damage by fire, for the sum of Three Hundred and Fifty DOLLARS, for the term  
 of One year, from the 1st day of October, 1910, if approved by the Com-  
 pany. It is understood that the value of the property is estimated by the applicant, and that the amount of insurance  
 on property asked for does not exceed TWO-THIRDS of the cash value.
